Aanjibimaadizing will hold a Public Hearing about the CCDF portion of their 477 Plan on Thursday April 7, 2022 at 9:00 a.m.

The purpose of the public hearing is to receive public comment on the provision of child care services under the proposed 2022-2025 477 Plan.

The CCDF is the major source of Federal funds for the early childhood system in the Mille Lacs Band. The funds are used to provide child care assistance for families and to fund initiatives to improve and support the quality of child care here. Within the Mille Lacs Band, the CCDF provides support for:

- Child Care Assistance payments for families
- Subsidized child care services
- Child care resource and referral services for families
- Increased education and compensation for child care teachers (if requested)
- Technical assistance and training for child care providers
- Monitoring of child care programs, if not monitored by another agency

Stakeholders such as Tribal members, Tribal employees, partnering Tribal programs, and Tribal elders can express their support, raise concerns, and offer considerations and ideas regarding the provision of services. All those having a vested interest in early childhood education in the Mille Lacs Band communities may attend the hearing and provide oral and written comments.

If you wish to make a public comment at the hearing, please make your request known by email to [karen.pagnac@millelacsband.com](mailto:karen.pagnac@millelacsband.com). Each participant will be allotted 5 minutes to make their comments.

Those unable to attend the meeting or wishing to submit comments in writing can do so at the email above.
